MEMORANDUM FOR: DDCI
D/DCI/IC

FROM: Director of Central Intelligence

SUBJECT: Liaison Arrangements for Legislative Action on Charters for the Intelligence Community

As I see the picture presently shaping up, the following extra staff will be involved in handling the Intelligence Community and White House relations with the Senate Select Committee in their consideration of possible new legislation concerning the Intelligence Community:

a. Mr. Fritz Schwartz will be the special liaison between the Vice President's office and the Congress.

b. [REDACTED] will be my special assistant for this and all of our staff actions in connection with the Senate Select Committee consideration of this topic will channel through him.

c. Mr. Frederick Berend will be the Attorney General's representative.

d. Deputy Secretary Duncan will designate a special representative for DoD at the beginning of next week.

e. These representatives are not to be considered a committee or additional staff effort. Each one bears a special individual relationship with the principal only. There is little question that they will want to see much of each other and perhaps meet as a group from time to time but we are not attempting to establish some special formal committee.
